## The Wanamaker Store A Forty Dollar Bicycle for \$16

IF this were not the Wanamaker Store, with a dozen years of a good bicycle reputation behind it, you would be justified in looking askance at that headline.

But this is the Wanamaker Store, and it is living up to the very best of its bicycle reputation in making this announcement. We offer you at \$16 a thoroughly good wheel, of a known and tried make, in an up-to-

The name-plate on this wheel is our own. We call it, for our selling, "The Road Flyer." The real name of the wheel you must guess, and experienced riders will probably guess right. It is a wheel selling the country over to-day at \$40, and one intended to compete with \$50

Altogether, we have 2,500 of these wheels. We start this morning with only a few hundred, -about enough to last the day through. There will be more in on Monday. Among the 2,500 are a few hundred taken, as a part of the trans-

action, in the 1898 model of the same make. Scarcely any difference, but we cut a dollar off the price on these.

Everything about these wheels is good. They are equipped with tires that retail at \$6 a pair. The finish is excellent; the design all that you could wish. Best materials throughout.
